

SrA Kris Morgan (Medically Retired Vet)

“Flags 4 Vets made by a Vet”

Kris Morgan (Air Force Veteran-1994-2001) was injured in Saudi Arabia during a non-combat deployment in 1997. He was later Medically Discharged and put on 100% Permanent and Total Disability in 2001 due to his injuries. He’s been diagnosed with TBI, Epilepsy, Migraine Headaches and Cluster Headaches. Kris has fought depression for many years, which he has learned how to overcome many obstacles in life! He recently found that Woodworking was giving him happiness again. Kris builds Wooden American Flags and gives them away to Veterans free of charge!! He also donates flags to local and national non-profits to help raise funds for the organizations. Kris has begun to sell some flags, between giving away the free ones, to help offset the material costs, that he’s already incurred to this date. Kris works totally on donations, gifts, and love from others. If you know a Vet, first, thank them, second, please send them to my Facebook Page!
